Enfin, après avoir actualisé la page si elle était ouverte, vous devriez voir le logo de LSS Manager en haut à droite

The screenshot displays the OPERATEUR112.FR web application. The browser's address bar shows the URL <https://www.operateur112.fr>. The page header includes a search bar, a user profile icon, and a connection status indicator. The main content area is dominated by a map showing the geographical distribution of fire stations, marked with red fire truck icons. To the right of the map, a list of fire stations is displayed, each with a 'Déployer' button and a red progress bar. The list includes stations such as 'Feu usine de textile, Côte de Monrepos, 33270 Dravemont' and 'Explosion d'un entrepôt de feux d'artifice, Rue Alexandre Dumas, 33700 Centre ville Mérignac'. At the bottom of the page, there are sections for 'Postes' (with options like 'Nouveau bâtiment' and 'Recherche de postes'), 'Salon' (with a Discord link), and 'Radio' (with a 'Radio de l'alliance' status). A red box highlights the LSS Manager logo in the top right corner of the page.
